KATIE BECKETT ELIGIBILITY OPTION FOR NEVADA MEDICAID

Once your application has been submitted, a member of the Katie Beckett team will confirm receipt via postal mail. This letter will provide details on the evaluation process, which takes several months and includes a home visit. Families can get a head start on the process by obtaining documentation the team will require as part of their evaluation. Please note that you do not send this documentation anywhere; you will provide it directly to the person who completes your home evaluation.

Medical Information

- Medical Notes from the Past 12 Months
- All PT / OT / SLP Notes and Assessments
- All Psychological Testing and Notes
- Copy of Insurance Card, front and back

Education Information

- Most Recent Individualized Education Plan (IEP)
- Most Recent Multidisciplinary Team Report (MDT)
- Any Other Data Collected by Education Team

In addition to this documentation, DWSS will provide several more forms for the family to complete. Unfortunately, these are provided via postal mail, so there is no way to get started on them early. The most recent list of forms includes:

- Katie Beckett Eligibility Option Home Visit Questionnaire
- Consent for Release of Information Form
- * Physician's Statement
- * Teacher's Questionnaire

*Families should notify their child's primary care physician, Autism-related service providers, and education team that a Katie Beckett Eligibility Option application was submitted and they should expect to complete forms at some point during the process.
